Dear Valued Partner:

Proposition 65, also known as 'The Safe Drinking Water and Toxic Enforcement Act,' is a California law that has been in effect in 1986 to promote clean drinking water and keep toxic substances that can cause cancer, birth defects, or other reproductive harm, out of consumer products. It is administered by California's Office of Environmental Health Hazard Assessment (OEHAA).

Products sold by StrongBox may contain listed chemicals in a smaller amount than Proposition 65's concern, or not at all. However, we have chosen to issue this warning on all of our products as an act of caution and because our customers have the right to know. It is important to know that these chemicals and concentrations are in compliance with EU REACH and RoHS directives.

In accordance with the above, StrongBox is updating its product labeling and warning. The California Attorney General's Office has stated that the following warnings, if properly displayed at the point of sale, retail outlet or on product labels, satisfies the clear and reasonable warning requirement of the statute:

WARNING: This product can expose you to chemicals including Nickel, Chromium, Cadmium or Cobalt which are known to the State of California to cause cancer and/or birth defects or other reproductive harm. For more information, go to www.P65Warnings.ca.gov.

As such, all products will hereafter be labeled as follows:

 **WARNING:** This product can expose you to certain chemicals which are known to the State of California to cause cancer and/or birth defects or other reproductive harm. For more information, go to www.P65Warnings.ca.gov.

All products manufactured after August 30, 2018, will contain this label.

For more information, please visit www.P65Warnings.ca.gov

Sincerely,
StrongBox
