

HEAVY DUTY STAINLESS STEEL

Offers maximum, long lasting protection for harsh outdoor environments, plus convenient front entry access with vandal resistant locking mechanism.

FEATURES

- Weather and vandal resistant technology
- Three point locking mechanism with flush mounted access door.
- Removable, pre-drilled backboard
- Natural, reflective finish and blends into landscape for unobtrusive quality
- NEMA TYPE 3R rated and UL 508A Listed
- Ten year limited warranty

MULTIPLE OPTIONS AVAILABLE

Wall mount enclosures also available to conveniently store your controllers up and out of the way.

We offer powder coating in multiple color options for all stainless steel enclosures.

A DIFFERENT VIEW

The hinged flip top of our Top Entry Heavy Duty enclosures also provides easy viewing and programming of meters and irrigation control systems.
